Derailed By Mine  
Near Binyamina

BINYAMINA, Wednesday.—About 40 Arabs were killed and 60 were injured when a train was derailed by a mine between here and Zichron Yaacov at 1 o'clock this afternoon. The attack was carried out by the Stern group.

The engine and five coaches of the Tulkarm-Haifa train were derailed, one of them, according to an eye-witness, being flung 10 metres from the line, and about 100 metres of track were destroyed.

Jewish Police from Zichron Yaacov were the first on the scene.

The rescue work was carried out by the Army, and troops worked for more than four hours extracting the dead and wounded from the debris.

Red Cross ambulances ran a shuttle service between the wreck and Haifa all afternoon, bringing in the dead and wounded.

Jewish vehicles will be barred from the Binyamina—Zichron Yaacov road from 8 o'clock tomorrow (Thursday) morning until further notice.

Official sources said none of the 30 soldiers on the train was hurt.
